This exposé is long overdue...

The Most Powerful POTUS Psyop In American History

"Unknown to the MAGA Movement and Patriot Movement, a Trump victory means one thing and one thing only: MIGA. And, if Trump "Makes Israel Great Again" as he did during his first term, America's downfall is certain this time around."

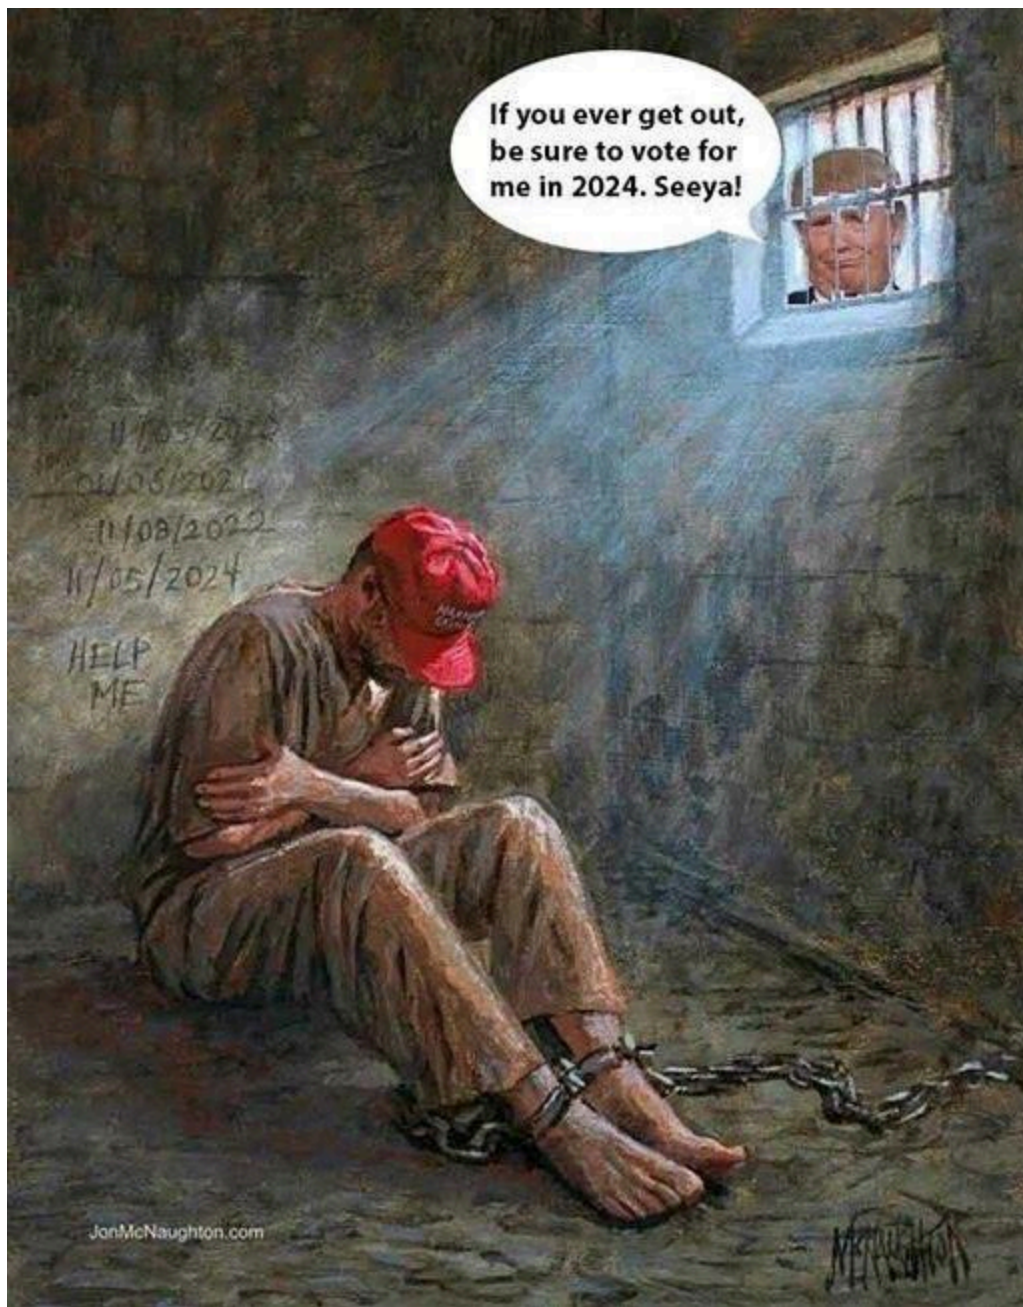

Trump is being installed to lead the US into the third Masonic Jewish Zionist (Fascist) Vs Communist world war.

Trump named himself the "Father of the Vaccine" and he oversaw Operation Warp Speed: The Covid injections were most dangerous and deadly bioweapons ever imposed on trusting citizenries around the globe.

Trump fanatically promoted the purposefully misnamed "China virus" which was actually the "Israel-UK-US virus". The [alleged] COVID-19 bioweapon was also designed to produce multiple catastrophic outcomes.

Trump was responsible for the military deployment of the highly injurious 5G across the USA. He was completely oblivious to the many serious medical ailments and health problems 5G is well known to cause.

Trump effectively abandoned the J6 protesters after luring them to the Capitol to demonstrate against the proven stolen 2020 election.

Trump continued to prosecute the Afghan War for no good reason, even dropping a MOAB on that war-torn nation, which was eventually followed by the Biden U.S. troop withdrawal fiasco.

Trump appointed his ultra-liberal daughter Ivanka and Zionist son-in-law Jared Kushner to important roles in White House where the dubious Chabad-Lubavitch agenda was

clearly advanced at every turn.

Trump chose Christian Zionist Mike Pence as his VP running mate and dreadfully incompetent Jeff Sessions as Attorney General. He later appointed Bush lieutenant Bill Barr as AG. Each of these turncoats stabbed him in the back as many other appointees have done.

Trump appointed Alexander Acosta as Secretary of Labor after he gave pedophile Jeffrey Epstein a corrupted plea deal to escape even the minimum prison sentence.

Trump appointed notorious warmongers John Bolton, Nikki Haley, Mike Pompeo, James Mattis, H. R. McMaster and other dangerous warhawks to key positions in his administration

Trump pushed the despicable prosecution of Julian Assange even after the Wikileaks were quite instrumental in his 2016 victory.

Trump tried to ban the TikTok app in the U.S. market at the request of Israel over false national security concerns. The raw truth about the apartheid state of Israel was being posted all over TikTok as it is now.

Trump deceitfully encouraged Speaker Mike Johnson to provide more funding to the Ukraine genocide...even after saying he would shut down that war within 24 hours of his election as POTUS. Talk about talking out of both sides of his mouth!

Trump approved the moving of Israel's capital to Jerusalem thereby recognizing that stolen territory from the Palestinians as Israeli land.

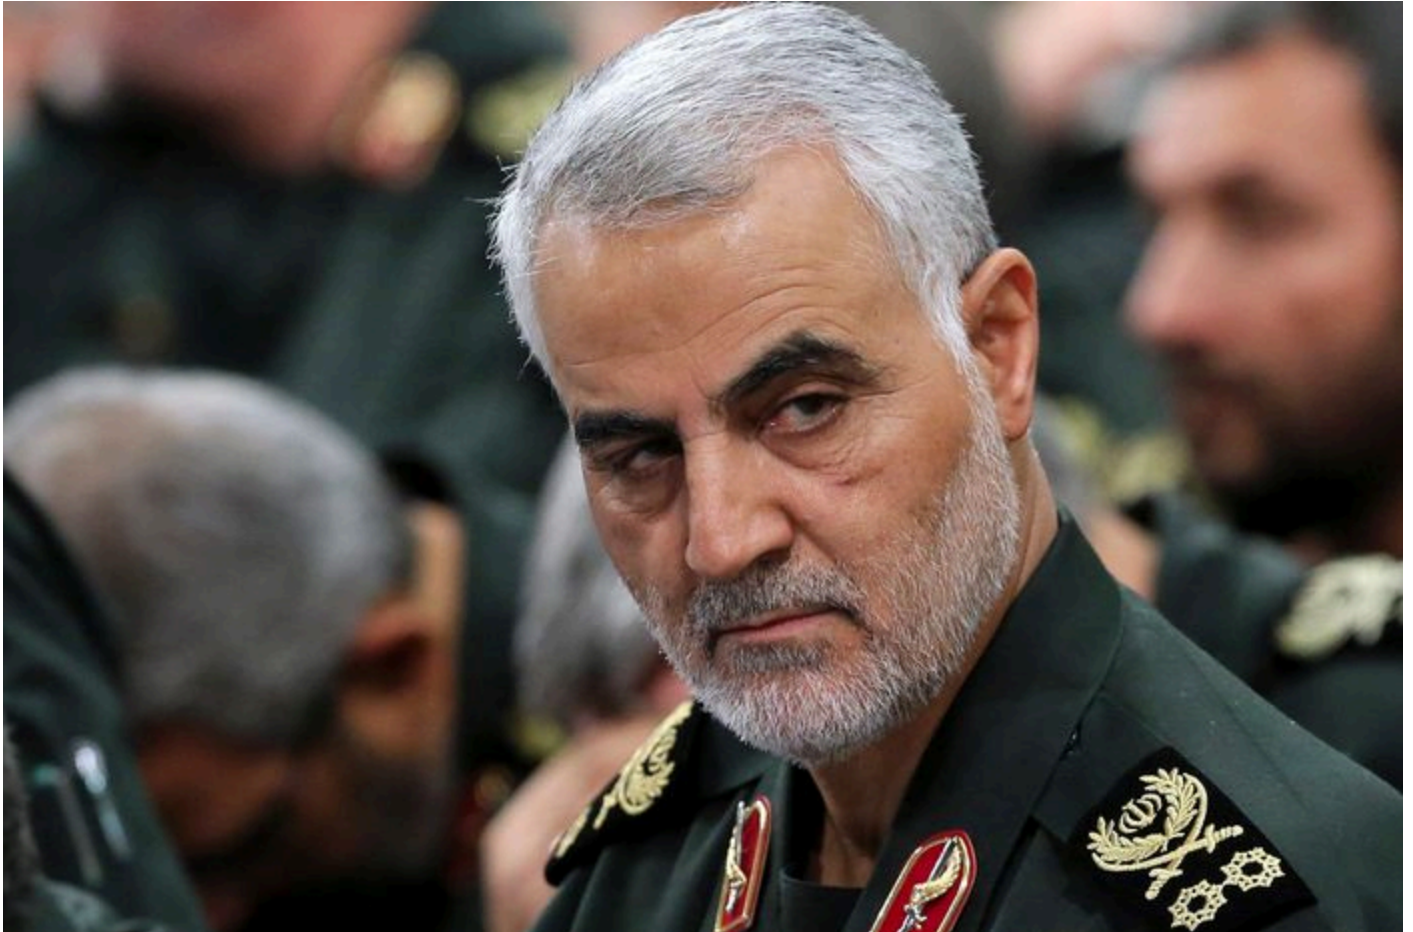

Trump impetuously ended the long-negotiated and highly significant Iran Nuclear Deal only to satisfy Israeli demands.

Trump arbitrarily imposed a highly discriminatory 'Muslim travel ban' for citizens of Iraq, Syria, Iran, Sudan, Libya, Somalia and Yemen for the sake of Israel.

Trump's primary public position on the Gaza genocide is that Israel should complete their murderous military mission and land theft much more quickly than they are

doing.

Trump always acts and speaks like the never-ending Palestinian Holocaust is essential to his "Make Israel Great Again" platform.

Trump assassinated the top general and Iranian military hero Qasem Soleimani who successfully eradicated ISIS. This was a very bad move that could translate to some instant karma for him at any time.

Trump unlawfully bombed Syria on false pretenses at the request of Israel, killing innocents and damaging targets identified by the US Intel Community.

Trump added a whopping \$7.8 trillion to the national debt, more than any other POTUS in history. Certainly not the fiscal conservative he pretended to be; rather, a "tremendous" CON MAN.

Trump unlawfully recognized Israeli sovereignty over Golan Heights, territory stolen from Syria, on orders from Tel Aviv.

Trump systematically destroyed the U.S. trade relationship with China. And he vows to continue that disastrous policy. Trump is hellbent on making China our enemy just as Biden-Obama-Clinton made Russia our enemy.

Trump abandoned the people of Puerto Rico after the devastating Hurricane Maria causing untold pain and suffering to the poor residents of that hurricane-wracked island.

Trump has always promoted bigotry and racism against Muslims worldwide and Arab nations (on behalf of Israel).

Trump pushed environment-destroying fracking nationwide when there was no reason to do so.

Trump rolled back essential clean water protections. What's more important than clean water?!

Trump bombed Iraq oil fields and said he wanted US Troops to take their oil (again for Israel).

Trump was perfectly okay with the Jared Kushner security clearance scandal--an unprecedented disaster for maintaining any degree of security integrity within the US Intel Community.

Trump insisted that the U.S. military presence in Syria is 'only for the oil', most of which was transported to Israel.

Trump promised to "drain the swamp" of Washington lobbyists, corruptocrats and grifters. Instead, he put them in charge of health, safety, and environmental protections, among many other key positions.

(US politics is a reality show)

Trump promised to "LOCK HER UP" ... and then folded the day he was elected, even lauding the Clintons as "good people".

Trump signed various Executive Orders which were actually gun control measures in disguise including the banning of bump stock. Trump has suggested ideas such as expanding background checks and raising the minimum age for purchasing firearms in direct violation of the Second Amendment.

Trump outright lied about his 'blood-dripping hand' after the staged, false-flag assassination attempt hoax in an effort to become an instant American hero and MAGA Movement martyr.

Trump was reported by Bloomberg in July of 2024 to be considering Jamie Dimon, Chairman and Chief Executive Officer of JPMorgan Chase & Larry Fink, Chairman and Chief Executive Office of BlackRock for for Treasury Secretary-two of the most dangerous NWO globalists on the planet (See: Larry Fink vs. Jamie Dimon: Donald Trump's Pick for US Treasury Secretary)

Please understand that this is a vastly truncated list of Donald Trump's gross betrayals, extreme failings, shocking incompetencies and serious abuses of high office. Were the extent of his profound criminality and rampant corruption known, he would be a top candidate for Chairman of the World Economic Forum or Charter Member of the Committee of 300.

Donald Trump is NOT who we thought he was

Rake a close look at this Israeli coin with Donald J. Trump's signature on it (notice the two vaccine syringes in the cluster of graphics on the blade of the sword):

CONCLUSION

If Donald Trump gets elected in 2024, there's only one reason for his installation into the Oval Office--ISRAEL WANTS HIM THERE.

In other words, now that the Democrat Party has abandoned the apartheid state of Israel, especially in view of the horrific Gaza genocide, Team Netanyahu has no choice but to show the American people that the U.S. Federal Government is a hardcore ZOG.

ZOG = Zionist Occupied Government

The Zionist State of Israel is now facing existential threats as never before. Not only that, but if Kamala Harris becomes POTUS, Israel will face dangers somewhat alone from their Middle East enemies, both real and perceived.
